**Re: Letter of Recommendation
AHJ Engineers, PC**

Thomas M. Zabala, AIA
Michael G. Simmonds, AIA
Steven C. Turney, AIA

To Whom It May Concern:

It is my pleasure to write this letter of recommendation on behalf of Keith Jones, P.E./S.E. and AHJ Engineers, PC for any structural engineering services that you may be considering..

ZGA Architects & Planners, Chartered has been providing architectural services to a wide variety of public and private clients for both new and remodel/addition projects since 1973. Over the years Keith has been retained by ZGA for structural engineering analysis, design, construction documentation and construction administration services on many of those projects.

Keith and members of his firm have proven themselves time and again for their reasonable, functional and cost effective solutions to complex structural engineering challenges. Their technical and applied knowledge of various building materials and structural systems in addition to their familiarity with past and current building codes is exemplary. AHJ Engineers, PC continually strives to perfect their services to provide quality professional work, within budget, in a timely manner and with absolute client satisfaction as their goal.

We believe that you will be well served by Keith and encourage your favorable consideration of his firm. We look forward to continuing our business relationship with Keith because of his consistently excellent service and personnel.

If you have any questions, please do not hesitate to contact us.

Very truly yours,
ZGA Architects and Planners, Chartered

Thomas M. Zabala, AIA
